

NFI North

Inspiring and empowering people to reach their full potential and live successfully in their community

WHO ARE WE?

NFI North was created at a time when people who had mental health needs were institutionalized due to a lack of community services. As a result of this widespread practice, people's lives and futures were adversely affected.

Today, stigma and discrimination still exist—but as millions of us raise our voices, harmful misconceptions are beginning to decrease. NFI North believes that people thrive best on their own and in their community. We provide services that empower and inspire people to reach their full potential.

NFI North provides an array of services across Maine and New Hampshire. The agency is an accredited, well-recognized, high-quality, nonprofit organization whose focus is on helping people help themselves. We accomplish this by providing specialized education, counseling, supported employment, care management, foster care, residential services, as well as many other services designed to meet the needs of the people we serve.
