

NFI North's Mission Fund

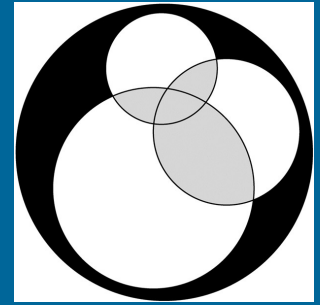

NFI North, a dynamic and multi-faceted behavioral health organization providing educational, psychological and residential services for children, youth, families, adults and seniors is pleased to announce the pursuit of a Mission Fund designed to respond to unmet consumer needs. The purpose of the Mission Fund, simply stated is to assist individuals and families to realize their goal of living successfully within their home and community.

The Mission Fund will break down “dream barriers” by providing just the right opportunity at just the right time. The Mission Fund will provide our consumers with something as simple as the resources necessary to complete college applications, address the cost of driver education or even secure a deposit on a first apartment. The presence of the Mission Fund will support our ability to break through the dream barriers experienced by our consumers.

Advancing the work of NFI is critical and the Mission Fund will exist as an important vehicle for ensuring the empowerment and success of our consumers. We're reminded every day of the difference the Agency makes in the lives of the individuals that participate in our many services. The Mission Fund will become another important tool to address the needs of those we serve.

Won't you help us ensure the success of the Mission Fund?

A donation to the fund can be pledged over a three year period. As a nonprofit organization donations to the Mission Fund are tax deductible.

Our Goal is to Raise \$150,000 to help meet the unmet needs of those we serve

We need your help to advance the fund

Donations can be made directly online through the Donate Now link at:
